

Asphalt Release

This product is a biodegradable, water soluble, non-flammable concentrate used primarily in the asphalt paving industry for coating the bed of dump trucks to prevent the asphalt from sticking. This product can be diluted up to 30 to 1 with water, and is most effective when applied as a foam. Due to its high concentration and biodegradability this product gives the commercial paver an inexpensive, environmentally friendly alternative to diesel fuel.

FEATURES

- *Biodegradeable
- *Cost effective
- *Solvent Free

APPLICATIONS

- *Asphalt release agent

TECHNICAL DATA

Dilution.....	4-12 oz. per gallon
DOT.....	Not regulated
Odor.....	Bland
pH.....	9.0 -10.0
Physical appearance.....	Thick green liquid
Pound/gallon.....	8.4
