

Formula 5700

Formula 5700 is a concentrated low-suds degreaser designed specifically for use with automatic floor scrubbing equipment. Formula 5700's low initial suds and low suds retention allow full utilization of recovery tank capacity without damage to equipment. Formula 5700 is fast acting, containing a unique nonionic surfactant blend to provide safe wetting and rapid penetration for quick removal of the toughest soil and grime. Formula 5700 is non-flammable, non-corrosive and contains no solvents or abrasives

FEATURES

- *Concentrated liquid
- *Fast acting
- *Acid-Free
- *Biodegradable
- *Non-Corrosive
- *Non-Caustic
- *Non-Butyl

APPLICATIONS

- *Degrease vehicles
- *Clean houses
- *Clean brick
- *Clean engines

TECHNICAL DATA

Dilution.....	Varies
DOT.....	Not regulated
Odor.....	Bland
pH.....	12.0-13.0
Physical appearance.....	Purple liquid
