

Hang Time

This unique cleaner has been formulated with penetrants, cleaners and inhibited rust removers in a thick, clinging formula. Its natural thick viscosity allows it to adhere to the sides of the toilet bowl long enough for the proper use of a bowl mop. This product is excellent for removing scale, rust, calcium deposits and other discolorations from bath tubs, wash basins, shower stalls, toilet bowls, urinals and other surfaces.

FEATURES

- *Ready to use liquid
- *Caustic-Free
- *Non-Flammable

APPLICATIONS

- *Toilets
- *Urinals
