

Spit Shine

Spit Shine is a vanilla scented, clear liquid designed for use whenever high speed burnishing is suggested for routine maintenance. Floor pads don't load up as fast and wash out easier due to Spit Shine's unique formulation. Spray buffing with Spit Shine actually lengthens the life of the floor finish by adding moisture to the floor surface as it cures. After spray buffing, the area is left with a fresh, clean scent. Spit Shine may also be used in conventional spray buff.

FEATURES

- *Ready to use
- *Acid-Free
- *Caustic-Free
- *Non-Toxic
- *Non-Flammable
- *Phosphate-Free

APPLICATIONS

- * Resileint Tile
- *Terrazzo

TECHNICAL DATA

Dilution.....	Ready to use
DOT.....	Not regulated
Odor.....	Vanilla
pH.....	8.0-9.0
Physical appearance.....	Colorless liquid
Pounds per gallon.....	8.4
