

Stripper Booster

Stripper Booster is a 100 % active solvent stripper enhancer designed to be added to stripping solutions to remove the toughest wax buildup you will encounter. Standard industrial strippers contain 5-15% solvents with some detergents and alkaline builders. The rest (75-85%) is water. This formulation contains no water at all.

FEATURES

- *Concentrated liquid
- *Acid-Free
- *Caustic-Free
- *Non-Flammable
- *Phosphate-Free

APPLICATIONS

- *Stripper additive

TECHNICAL DATA

Dilution.....	22-32 oz. per 5 gallons diluted stripper
DOT.....	Not regulated
Odor.....	Butyl
pH Concentrate.....	N/A
Physical appearance.....	Colorless Liquid
Pounds per gallon.....	7.6
